NOTES ON IMPORT DUTY.

(1) In the case of film of a greater width than the standard width of $1\frac{3}{8}$ inches, the duty chargeable is increased in proportion to the extent to which the width is greater than the standard width, and in the case of unexposed sensitised cinematograph film of less than the standard width, the duty chargeable is decreased in proportion to the extent to which the width is less than the standard width.

(2) All sheets or strips of unexposed sensitised film which are of a length not less than 12 feet are, whatever their width, treated as cinematograph film.

(3) The expression "exposed cinematograph film" includes all such film whether it is positive or negative, whether it is developed or undeveloped and whether or not it contains or consists of sound track.

(4) Two lengths of exposed cinematograph film representing the same objects are not deemed not to be duplicates of each other by reason that one is positive and the other is negative, or by reason that the objects are represented on different scales and the dimensions of the lengths of film are correspondingly different, or where both lengths are intended for use in the production of a coloured picture, by reason of any differences ascribable to the nature of the processes involved in producing such a picture.

(5) If, in the case of any exposed cinematograph film, it is shown to the satisfaction of the Commissioners either—

(a) that the production of the film was organised by persons whose chief or only place of business was in the United Kingdom and the producer of the film and all the principal actors and artists employed for the production thereof, except five, or, if the total number of principal actors and artists is less than twenty, not less than three-quarters of the number of actors and artists, were British subjects and domiciled in the United Kingdom, or

(b) that the Board of Trade have certified that the requirements of subsection (3) of section twenty-seven of the Cinematograph Films Act, 1927 (which prescribes what films shall be deemed to be British films for the purposes of that Act) or of subsection (1) of section twenty-five of the Cinematograph Films Act, 1933 (which prescribes what films shall be deemed to be British films for the purpose of registration thereof under Part III of that Act) have been complied with in relation to the film or in relation to any film of which the film forms part;

the duty chargeable on the film is the duty, if any, with which it would have been chargeable if it were still unexposed.

In this paragraph the expression "artist" includes the person working the photographic camera or other photographic apparatus by means of which the film is made.

(6) Where two or more lengths of exposed cinematograph film are imported together and it is shown to the satisfaction of the Commissioners that they both or all represent the same objects and are intended to be used as a set, each complementary to the other or others, in the production of a coloured picture, and are not suitable to be used separately, they are charged as a set with the duty that would be

chargeable if one length only were being imported:

Provided that where the said lengths are not equal, the duty chargeable is that which would be chargeable if the longer or longest only of the two or more lengths were being imported.

(7) Where in the case of any exposed cinematograph film security is given to the satisfaction of the Commissioners—

(a) that no duplicate will be made in the United Kingdom from the film or from any part thereof or from any duplicate of the film or of any part thereof except for the purpose of preparing not more than three copies of a version adapted for exhibition in the United Kingdom or for the purpose of replacing any copy so prepared which is shown to the satisfaction of the Commissioners to have been destroyed or otherwise disposed of in such manner that it cannot be further used for exhibition as aforesaid; and

(b) that the film and any duplicate of the film or of any part thereof and all copies of any version adapted for exhibition as aforesaid will be destroyed or otherwise disposed of to the satisfaction of the Commissioners within such period as they may require; duty is chargeable on the film at the rate of one penny per linear foot.

* (8) Where, in the case of any exposed cinematograph film, it is shown to the satisfaction of the Commissioners—

(a) that duty was paid on the film at the rate of fivepence per linear foot;

(b) that no duplicate has been made in the United Kingdom from the film or from any part thereof; and

(c) that no duplicate of the film or of any part thereof has been imported into the United Kingdom;

a rebate at the rate of fourpence per linear foot may be allowed if the film is destroyed or otherwise disposed of to the satisfaction of the Commissioners.

(9) Developed negative or positive cinematograph films which are certified by the Ministry of Education under Section 7 of the Finance Act, 1935, as amended by Section 4 of the Finance Act, 1939, are exempt from duty (see page 5, paragraph 15, of the 1947 Tariff).

(10) Persons registered with the Board of Trade for the purpose may import free of duty not more than two lengths of any news film, which are duplicates of each other, for the primary purpose of preparing, or having prepared, copies therefrom for exhibition in the United Kingdom or Isle of Man.

News film for this purpose means any exposed cinematograph film shown to the satisfaction of the Commissioners of Customs and Excise to consist wholly of photographs (with or without sound track) which at the time of importation are means of communicating news. News film sound tracks, without photographs, are not entitled to the benefit of this provision.

* In the case of film on which duty was paid at the *ad valorem* rate operative prior to May 3, 1948, this provision would apply so as to allow rebate of the amount of duty paid in excess of duty at the rate of *id.* per linear foot.

The Studio Scene

By Graham Clarke

PERHAPS the most encouraging sign in 1952 of the hard lessons learnt in 1951 is the movement towards a further shortening of production schedules: producers really seem at last to be thinking in terms of a maximum of 40 shooting days.

This is an improvement on 1951, when, once again, there was a drop in the number of first features made, with a consequent advantage that very few bad or even poor films came out of British studios, despite the difficulties of a new era of financial stringency.

The most notable event of the period under review, October 1, 1950, to September 30, 1951, was the launching of the Group scheme of production under the wing of the National Film Finance Corporation; but its main effect was only just beginning to be felt by the end of the year. Group A, which operates as British Film Makers at Pinewood, had contributed four features to the total of ten made in the studio: Group B, based at ABPC, Elstree, and working under the name of the Elstree Group, completed one: John Grierson's lively young Group Three, at Southall, made three.

In spite of all this the number of completed first features dropped to 53, while the number of second features remained roughly constant at about 25. This reduction in quantity can be directly related to the Eady scheme.

The introduction of the Group system has, to a certain extent, curtailed the activities of those producers who are normally classed as independents, many of them having accepted the financial and administrative protection of the Group "blanket." This fact falsifies any direct comparison with former years of the number of pictures made by independents. It is still interesting to note, however, that Nettlefold was again responsible for more features

(first and second) than any other single studio, and that Merton Park is making a spirited sally into the feature market.

On the darker side are the cases of Denham, which has been idle, except for "Robin Hood" (RKO - Radio-Walt Disney), since 20th Century-Fox decided to suspend its production programme; Isleworth, which made only one picture; Teddington, which, in this New Year, was being negotiated for by an aircraft factory; and Beaconsfield, where the Crown Film Unit has been executed by the Butler axe. Not counting pictures made under Anglo-American co-operation (which appears to be increasing in favour), the U.S. companies contributed seven.

Two small additions were made to London's studio facilities. SCF reopened, with added attractions, the premises that were formerly the Marylebone Studios, and Studio Twenty-Two set up at Ebury Street.

Prospects for this year may, perhaps, be regarded as a little brighter, and it was interesting to note in the early months an increase in the number of colour pictures.

The name Ross on every part of your projection equipment is the surest guarantee you could have of a perfect screen performance.

THE SYMBOL OF

The optical design of the "Streemlite" is only matched by the mechanical precision of every other part of this modern and dependable equipment.

PRECISION IN VISION

Ross not only gives you today's best built motion picture equipment, but one which is lower in cost than any other in its class. Ask the distributors, whose names appear overleaf, for a demonstration without obligation.

CINEMA PROJECTORS

The S/U/P/A (Single Unit Projection Assembly), below, is a unique achievement in 35 mm projector design, far ahead of contemporary equipment. It is fully in keeping with modern appearance and with the traditional high standard of BTH equipment. It combines in one unit everything required for efficient projection, whilst retaining easy accessibility in high degree. S/U/P/A gives complete protection against fire risks.

Following the outstanding success of the S/U/P/A projector BTH has developed a somewhat simpler 35 mm projector—the Mark 2, above, for use in medium-sized and smaller theatres. This projector retains the proved features of merit of the de-luxe equipment, and the quality of performance is of the same high standard. The lantern table is designed so that other types of lanterns may be fitted if desired. In addition to 35 mm projectors, BTH manufacture a 16 mm sound-film projector, Type 301, for schools, hospitals, hotels, factory instruction and travelling road shows.

Growth of an Industry

The Cinema Industry has steadily grown to rank amongst the most important industries of today — extending to one of national importance.

As in any special industry there is an acknowledged "expert and adviser" and, in this connection since its inception, for over half a century Messrs. Harris and Gillow have been recognised as the leading advisers and experts to the Cinema and Theatrical Industry — a fact stressed by the late Mr. Justice Darling in the High Courts of Justice, who in 1924 said, inter alia:

"The Defendant placed the matter in the hands of a reputable firm of Solicitors; they in turn instructed a reputable firm of Auctioneers, Messrs. Harris and Gillow, whose special connection was with cinema theatres, just as one would go to Christies were it a picture instead of a cinema to be sold."

The Model 7 Universal AVOMETER

Size: $8'' \times 7\frac{1}{2}'' \times 4\frac{1}{2}''$

Weight: 6 $\frac{3}{4}$ lbs. (including leads)

The world's most widely used combination electrical measuring instrument. It provides 50 ranges of readings on a 5-inch hand-calibrated scale fitted with an anti-parallax mirror, and is guaranteed accurate to B.S. first-grade limits on D.C. and A.C. from 25 c/s to 2 kc/s.

The meter will differentiate between A.C. and D.C. supply, the switching being electrically interlocked. The total resistance of the meter is 500,000 ohms.

CURRENT: A.C. and D.C. 0 to 10 amps.

VOLTAGE: A.C. and D.C. 0 to 1,000 volts.

RESISTANCE: Up to 40 megohms.

CAPACITY: .01 to 20 mFds.

AUDIO-FREQUENCY POWER OUTPUT:
0 to 2 watts.

DECIBELS: -25Db to +16Db.

Various accessories are available for extending the wide ranges of measurements.

The instrument is self-contained, compact and portable, simple to operate and almost impossible to damage electrically. It is protected by an automatic cut-out against damage through severe overload.

By means of an external accessory (the Universal AvoMeter Power Factor and Wattage Unit), power factor and power can be measured in A.C. circuits.

Write for fully descriptive pamphlet.

Data for Technicians

THE COST OF ELECTRICITY.

An electrical unit is equal to 1 kilowatt-hour, or 1,000 watts for one hour. To ascertain the consumption in hours per unit of any piece of D.C. apparatus rated in watts, divide the rating into 1,000 : *e.g.*, a 60-watt lamp will run for $1,000 \div 60 = 16\frac{2}{3}$ hours for one unit.

The theoretical electrical horse-power is equal to 746 watts. For electric motors, a useful approximation is to reckon one unit per hour per rated horse-power.

In the case of A.C. supplies, maximum-demand charges are generally based, not upon the kilowatt, but upon the kilo-volt-ampère; the relation between the two terms is known as power factor. Thus at a power factor of 0.8, a supply of 1 k.v.a. is equal in power output to only 800 watts. The loading of cables must also be based upon the k.v.a., and not the k.w. consumption.

Lighting and heating circuits (other than neons and other discharge lamps) have a power factor of unity; the power factor of motors, arc rectifiers, etc., may vary from 0.6 to 0.9. It is advantageous to keep the power factor of such apparatus as high as possible.

CALCULATING ARC RESISTANCES.

The value of a resistance R to pass a given current C at voltage V is expressed, according to Ohm's law, by the formula—

$$R = \frac{V}{C}$$

In calculating arc resistances, however, the value of the back voltage A of the arc must be considered. This may be reckoned as 45 volts for low-intensity arcs, and for high-intensity from 25 volts for a horizontal-negative mirror arc or 40 for an inclined-negative mirror arc, up to 65 or 70 volts for rotating-positive arc and 20 volts for A.C. arc. The formula then becomes—

$$R = \frac{V-A}{C}$$

The earlier studs of a resistance should be so computed as to allow the arc to be struck on not more than one-third of its full current.

ORDINARY FILM CEMENT.

Amyl Acetate 4 oz., Acetone 6 oz.

This may either be used as it is, in which case the cement will be a thin fluid with not much more body in it than water, or it may be thickened to any desired extent by dissolving it in celluloid chips. Celluloid film base from which the gelatine coating has been cleaned off will serve.

For non-flam. film glacial acetic acid may be added; some users also add chloroform. It is, however, preferable to use the cement recommended by the makers of the stock—*e.g.*, for Dufaycolor use Ilford cement.

MEASUREMENT OF SCREEN BRIGHTNESS

Mount photometer one-third the height of screen, and take readings at each end, in the centre, and intermediately (five in all). . Average of readings gives light intensity in foot-candles ; a recommended figure is from 10 to 14 foot-candles.

The current ratings given above refer to the normal maximum current of the circuit, and do not refer to the overload at which the cut-out will operate.

The full normal load on a fuse should be two-thirds of its fusing load. For arcs, use copper fuses rated at double normal current to allow for striking. On motor circuits the allowance will depend upon the starting current. Allow 50 to 100 per cent. for D.C. motors or A.C. repulsion-induction motors, four times for wound induction motors, six to eight times for squirrel-cage. On 3-phase motor circuits always fuse heavily.

Edited by Alex J. Martin, Editor of "Ideal Kinema"

What "INTERNATIONAL PROJECTIONIST" in the United States says:
"... The 33 chapters cover every conceivable phase of projection theory and practice in a comprehensive, well-balanced manner ...

"Mr. Cricks ... has produced a compendium which should commend itself highly to projectionists everywhere ...

"The concise presentation of basic optical, acoustic and electrical principles sets a standard for projection texts.

"... This volume need not be confined to the European field. Indeed, those projectionists who had found considerable fault with the unwieldy and error-sated American manuals on the art will find 'The Complete Projectionist' a long-sought medium. Highly recommended—R.A.M."

FREE! film shows for your members!

*Have YOU taken advantage yet of
this grand scheme of
C.W.S. MOBILE FILM DISPLAYS?*

Film shows will be offered free of charge to any organisations throughout England and Wales. These displays are carefully designed for three classes of audiences: women, children and mixed adults.

Each programme will contain general interest, educational and C.W.S. propaganda subjects. Each mobile display unit will carry three types of programme and the latest 16 mm. sound film essential for all first class shows.

Displays can be given any time of the day or evening in local halls, factories, schools, clubs, in fact everywhere—whether electricity supply is available or not.

Organisations are only requested to

- (a) provide a suitable hall which can be blacked out during the show,
- (b) secure an audience of not less than 90 persons per show and
- (c) arrange that no charge for admission be made.

All organisations in a position to comply with these simple conditions are invited to take full advantage of these free shows

Where practicable it will be mutually advantageous to organise a special film day on which shows can be given in the afternoon to women, early evening to children, and a later show to adults. Special lunch time shows where required can also be arranged.

The Legal Outlook

by ELLIS F. PINKNEY, *Solicitor to*

The Cinematograph Exhibitors' Association

THE year started by the issue of the Cinematograph Regulations, 1950 (S.I. 1950 No. 2133) which are to be read in conjunction with the Cinematograph Regulations, 1923 (S.R. & O. 1923 No. 983 and S.R. & O. 1930 No. 361).

The new Regulations which deal with electrical matters, including kinema television, came into force on February 1, 1951.

In February, 1952, the Home Office intimated that the 1950 regulations would be partially suspended.

A circular letter was sent to all licensing authorities by the Home Office stating that, in view of shortages of equipment and material, the Secretary of State has decided to suspend for the time being those parts of the regulations which are likely to entail heavy capital expenditure or the extensive use of scarce materials. These are Regulations 12-22 in the section, dealing with electrical requirements.

The result of this is that Regulations 14, 15 (i) and (so far as it is applicable) Regulation 17 of the Cinematograph Regulations, 1923, will once again be the Regulations governing these matters. The rest of the 1950 Regulations which lay down general safety precautions, relax the corresponding provisions of the 1923 Regulations (i.e., safety lighting requirements) or cover new ground (i.e., requirements relating to television) will be retained substantially unaltered.

Cinematograph Bill

At the same time a Bill to amend and extend the Cinematograph Act, 1909, to exhibitions given by means involving the use of safety film or television, was given a first reading

in the House of Lords. This means that 16-mm exhibitions as well as 35-mm exhibitions, irrespective of whether or not safety film is used, will be subject to the 1909 Act and the various Home Office Regulations.

The Bill provides for increased control in matters affecting the health and welfare of children in relation to attendance at cinematograph exhibitions, both by means of regulations made by the Secretary of State and by the exercise of powers by licensing authorities.

Provision is made for exemption in the case of certain types of non-commercial exhibition.

A provision which will be especially welcomed gives the exhibitor a right to appeal to Quarter Sessions in the case of the refusal or revocation of a licence or if he is aggrieved by any conditions imposed by his licence.

Another welcome provision makes unnecessary the holding of a music and dancing licence by an exhibitor by reason only that an exhibition includes or is accompanied by music or portrays persons dancing. The same applies to interval music, provided it does not take up more than one quarter of the time of the show.

Safety Stock

Linked with the issue of the new Regulations is the legal position which arises consequent on the increased issue of film copies on safety film stock. The question which is frequently asked is "Do I need a licence if I am using safety stock?" It will be remembered that under the Cinematograph Act, 1909, a licence is required in respect of premises in which inflammable films are shown, though no definition is given in the Act as to what types

of film are or are not inflammable. Whilst it is generally accepted that the new safety stock can be regarded as not inflammable for this purpose, it should be appreciated that there is no legal ruling to support this view.

Apart however, from the legal angle, exhibitors should realise that it will still be some time before safety stock is in 100 per cent. universal use, and the position will undoubtedly continue for some while that inflammable film, even though in small quantities, will find its way into the average programme. In any event, there is reasonable certainty that before 100 per cent. safety stock is in use, new legislation governing the situation will be introduced.

Entertainments Tax

Negotiations between the trade and the Treasury during the summer bore fruit in the shape of the new Entertainments Duty Scale which was included in the Finance Act, 1951. A table showing the new scale and the amounts of levy to be paid to the British Film Production Fund under such scale appears on another page of this volume (p.521.)

Briefly, the effect of the new scale is to give some tax reliefs in the case of admission prices up to 1s. and for prices thereafter to be increased by 3d. and upwards, the increase being split between the Treasury in the form of increased tax, increased levy payments to the British Film Production Fund and the balance to exhibitors.

As regards the future, it is difficult in days of the country's financial stringency to foresee what further changes may occur, though undoubtedly the results of the investigation into new methods of incidence and assessment of the tax which is being conducted between H.M. Customs and Excise and the trade, are awaited with interest.

Current Legislation

It may be of passing interest to note that consequent on the Common Informers Act, 1951, it is now no longer possible for a member of the public to institute proceedings

for a penalty under the Sunday Observance Act, though the provisions of the latter Act itself continue to apply.

An Act which may affect employers of National Service men or members of the Reserve or Auxiliary forces is the Reserve and Auxiliary Forces (Protection of Civil Interests) Act, 1951. As its title implies, this Act provides certain measures of protection for such persons both during and after periods of national service.

The Conditions of Employment and National Arbitration Orders were revoked during the year, and the Industrial Disputes Order, 1951 (S.I. 1951 No. 1376) substituted.

The position regarding the machinery for the settlement of trade disputes, however, still remains much as before, as also the responsibility on employers to observe the conditions of employment negotiated between organisations of employers and trade unions representing employees. As hitherto this responsibility exists irrespective of membership by an employer or employee of one of the negotiating organisations or unions.

Quota

In the light of the various trade associations having been invited by the Board of Trade to make suggestions for suitable revisions of the Cinematograph Films Act, 1948, it is reasonable to assume that some form of amending legislation is contemplated. To make any guess, however, as to when parliamentary time will be made available for this purpose, is another matter.

It is encouraging to see that some measure of sympathy with exhibitors' quota difficulties is now being shown by the Courts. In an appeal to Quarter Sessions from a magistrate's finding of guilty in relation to a summons for non-fulfilment of supporting quota, the Court recognised the difficulty experienced by an exhibitor whose public expected a double feature programme, and reversed the magistrate's decision. A number of other quota summonses has been dismissed by magistrates courts.

Second Schedule.—The Cinematograph Films Act, 1938, as amended by this Act.

An Act to make further provision for securing the exhibition of a certain proportion of British cinematograph films, and otherwise to amend and continue the Cinematograph Films Act, 1938.

(24th March 1948.)

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. *Obligation of exhibitors to show British films.*
- (1) Subject to the provisions of this Act, an exhibitor who, in any quota period, exhibits registered films to the public at any theatre in Great Britain shall include among the films so exhibited such British films as are required by this section in respect of that period.
- (2) Where the films exhibited as aforesaid in any quota period include films registered as long films, the film so exhibited as the first feature film shall, on at least the prescribed percentage of the number of days on which such films are so exhibited, be a film registered as a British film and as an exhibitors' quota film.

(3) Where the films exhibited as aforesaid in any quota period include films registered as short films, or films registered as long films which are exhibited otherwise than as first feature films, those films shall, to the extent of at least the prescribed percentage of their total exhibited length, be films registered as British films and as exhibitors' quota films.

(4) In this Act the expression "quota period" means the year beginning on the first day of October, nineteen hundred and forty-eight, and each succeeding year during which this section is in force.

(5) The requirements imposed by this section in respect of any quota period shall be complied with separately in respect of the first six months of that period as well as in respect of the whole of that period.

(6) If any exhibitor fails to comply with any of the requirements of this section, he shall be guilty of a quota offence unless the Board of Trade certify under the principal Act that his failure was due to circumstances beyond his control, or the exhibitor proves that fact to the satisfaction of the court.

(7) This section shall continue in force until the thirtieth day of September, nineteen hundred and fifty-eight, and shall then expire.

2. *Determination of quotas of British films.*

(1) The Board of Trade shall, not later than the first day of July, nineteen hundred and forty-eight, by order determine the percentages which are to be the prescribed percentages for the purposes respectively of subsection (2) and subsection (3) of the foregoing section.

(2) Any order made by the Board under this section may be amended by a subsequent order made by the Board:

Provided that no such amending order shall have effect in relation to any quota period beginning earlier than six months from the date on which it is made.

(3) Before making an order under this section, the Board shall consult the Cinematograph Films Council and consider its advice in the matter.

(4) The power of the Board to make orders under this section shall be exercised by statutory instrument; and any such instrument shall be of no effect unless it is approved by resolution of each House of Parliament.

3. *Supplementary provisions as to quotas.*

(1) For the purposes of subsections (2) and (3) of section one of this Act, a film which was first registered as a British film more than four years before the beginning of the quota period in question shall be disregarded unless, upon an application made not later than the end of that period by a renter having a right to distribute the film in Great Britain, the Board of Trade, after consulting the Cinematograph Films Council and con-

sidering its advice in the matter, direct that the film shall be taken into account for that purpose.

- (2) A film shall be deemed for the purposes of this Act to be exhibited as the first feature film at a theatre on any day—
 - (a) if it is the only long film exhibited at that theatre during the normal hours in the ordinary programme on that day;
 - (b) if the daily rental of the film exceeds that of any other long film so exhibited; or
 - (c) (where the daily rental of the film is equal to that of another long film so exhibited, and is not less than that of any other such long film) if it is the last long film so exhibited.
- (3) For the purposes of the last foregoing subsection, the total rental payable by an exhibitor in respect of the exhibition of a film at any theatre during any period (whether ascertained by reference to receipts or otherwise) shall be divided by the number of days in that period on which the film is so exhibited, and the sum so arrived at shall be deemed to be the daily rental of that film.
- 4) In computing for the purposes of subsection (3) of section one of this Act the total exhibited length of the films of any class exhibited at any theatre in any quota period, or in the first six months of any quota period, the registered length of each such film shall be multiplied by the number of occasions on which the film is so exhibited (otherwise than as the first feature film) during the normal hours in the ordinary programme.
- (5) A film registered as a British film which is exhibited at a theatre on any day shall not be deemed for the purposes of this Act to be exhibited during the normal hours in the ordinary programme unless the whole of that film is exhibited at least once between the hours of five and ten p.m.
- 6) A film of which the total labour costs are less than ten shillings per foot shall not be registered as an exhibitors' quota film, and any such film shall be disregarded for the purposes of subsection (2) and (3) of section one of this Act.

4. *Exemption and relief of certain theatres and itinerant exhibitors.*

- (1) If the Board of Trade are satisfied, on application made to them by an exhibitor who exhibits films to the public at any theatre in Great Britain—
 - (a) that films are so exhibited at not less than two other theatres in the same locality in competition with his theatre; and
 - (b) that owing to circumstances beyond the control of the applicant films registered as British films are exhibited at those theatres on dates earlier than the dates on which he is able to exhibit the same films in his theatre,

the Board may, if they think fit, direct that in relation to the exhibition of films at the theatre to which the application relates the prescribed percentage for the purposes of subsection (2) or subsection (3) of section one of this Act shall be reduced, in the case of such quota period or periods as may be specified in the direction, by such amount as may be so specified:

Provided that the Board shall not give any such direction if it appears to them that the theatre is controlled by a person who controls more than two hundred theatres in Great Britain.

- (2) Before giving a direction under the last foregoing subsection, the Board shall consult the Cinematograph Films Council and consider its advice in the matter
- 3) If upon application made to them as mentioned in subsection (1) of this section not less than three months before the beginning of any quota period the Board are satisfied—
 - (a) that the theatre to which the application relates fulfils the conditions specified in paragraphs (a) and (b) of that subsection; and
 - (b) that the average net box office receipts of the theatre during the year ending six months before the beginning of that quota period did not exceed one hundred pounds per week,
 the Board shall direct that the foregoing provisions of this Act shall not apply to the exhibition of films at that theatre during that quota period.
- (4) In relation to an exhibitor who, in any quota period, exhibits registered films to the public at theatres in Great Britain (not being theatres of the class described in subsection (3) of this section) but does not so exhibit such films at any one such theatre on more than six days during that period nor at more than one such theatre at the same time, the foregoing provisions of this Act shall have effect as if all the registered films exhibited by him to the public at such theatres in Great Britain in that period were so exhibited at one such theatre.

- (5) The reference in subsection (3) of this section to the net box office receipts of a theatre shall be construed as a reference to the receipts from the sale of seats at all performances at which registered films are shown to the public, after deduction of entertainments duty within the meaning of the Finance (New Duties) Act, 1916. (6 & 7 Geo. 5. c. 11.)

5. *Circuit theatres, etc.*

- (1) Where application is made to the Board of Trade for a licence under section nine of the principal Act authorising a person to carry on business as an exhibitor at any theatre, and it appears to the Board that the theatre is controlled by a person who controls more than two hundred theatres in Great Britain, any licence issued in pursuance of the application shall be issued subject to the conditions specified in the next following subsection.

- (2) The conditions of any such licence as aforesaid shall be such as appear to the Board to be necessary for securing that the exhibitor will, if so required by the Board, exhibit at the theatre as first feature films, on such occasions as the Board may direct during the quota period in respect of which the licence is granted, not more than six films registered as British films and recommended by a Selection

Committee to be appointed by the Board for the purpose as being suitable for such exhibition by reason of their entertainment value.

- (3) A direction given by the Board under any such condition as aforesaid shall be without prejudice to the requirements imposed on the exhibitor by section one of this Act, but any film exhibited in compliance with such a direction shall be taken into account for the purposes of subsection (2) of that section.
- (4) If any such condition as aforesaid is not complied with, the exhibitor shall be guilty of a quota offence unless the Board certify under the principal Act that the failure to comply therewith was due to circumstances beyond the control of the exhibitor and of any person other than the exhibitor having control of the theatre in question, or the exhibitor proves that fact to the satisfaction of the court.

Notwithstanding anything in subsection (3) of the said section nine, if it appears to the Board that any theatre in respect of which application is made for such a licence as aforesaid is controlled by a person who controls more than two hundred theatres in Great Britain, the Board may refuse to issue a licence authorising the applicant to carry on business as an exhibitor at that theatre unless it is shown to their satisfaction—

- (a) that the theatre was controlled by that person on the first day of September, nineteen hundred and forty-seven; and
- (b) that any arrangements in force for securing that the films exhibited at that theatre are the same as those exhibited at other theatres controlled by that person were also in force on the said date.

6. *Charging of rentals for registered films.*

- (1) The rentals payable in respect of all registered films delivered by a renter to an exhibitor for public exhibition at a theatre in Great Britain during the continuance in force of section one of this Act shall be charged separately in respect of each film:

Provided that nothing in this subsection shall render unlawful an agreement between a renter and an exhibitor for the delivery as aforesaid of two or more films at an inclusive rental, if the proportion of the rental to be attributed to each film is defined on or before the delivery of those films.

- (2) If any film of which the rental is charged in contravention of this section is delivered to an exhibitor as aforesaid, the renter shall be guilty of an offence and liable on summary conviction to a fine not exceeding fifty pounds.

7. *Application to non-standard films.*

- (1) Subject to the provisions of this section, this Act and the principal Act shall not apply to films other than standard films, that is to say films of the width of thirty-five millimetres.
- (2) The Board of Trade may, after consulting the Cinematograph Films Council and considering its advice in the matter, make regulations applying the provisions of this Act and the principal Act to films other than standard films, subject to such exceptions and modifications as may be specified in the regulations.
- (3) The power of the Board to make regulations under this section shall be exercised by

statutory instrument; and any such instrument shall be of no effect unless it is approved by resolution of each House of Parliament.

8.—*Composition of Cinematograph Films Council.*

- (1) The constitution of the Cinematograph Films Council shall be varied as follows, that is to say—
 - (a) the number of members appointed as being independent persons shall be seven instead of eleven;
 - (b) the number of members appointed as representing exhibitors shall be five instead of four, of whom one shall be appointed as representing exhibitors in Scotland;

[30th March, 1938]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

PART I.

Renters' Quotas and Exhibitors' Quotas. General Provisions.

- 8.—Restriction on renting registered films otherwise than at their registered length.

If, on any occasion on which, during the period beginning at the commencement of this Act, and ending with the expiry of Section I of the Cinematograph Films Act, 1948, a registered film is delivered by a renter to an exhibitor in Great Britain for public exhibition at a theatre therein, the length of the film as so delivered on that occasion differs from the registered length of the film by more than

one-tenth of that registered length, the renter shall be guilty of an offence and liable on summary conviction to a fine not exceeding one hundred pounds.

9.—Licensing of renters and exhibitors.

(1) No person shall, in any renter's licensing year, carry on the business of distributing registered films in Great Britain, unless—

(a) there is in force a licence under this section authorising him to carry on business as a renter, or

(b) an application for such a licence as aforesaid in respect of that year has been duly made, and the determination of the application is still pending ;

and if any person carries on business in contravention of this subsection, he shall be liable on summary conviction to a fine not exceeding twenty pounds for every day on which he so carries on business.

(2) No exhibitor shall, in any quota period, exhibit a registered film to the public at a theatre in Great Britain, unless at the time of the exhibition—

(a) there is in force a licence under this section authorising him to carry on business as an exhibitor at that theatre, or

(b) an application for such a licence as aforesaid in respect of that period has been duly made, and the determination of the application is still pending ;

and if any exhibitor exhibits a film at any theatre in contravention of this subsection, he shall be liable on summary conviction to a fine not exceeding ten pounds for every day on which he so exhibits the film at that theatre.

(3) Subject to the provisions of section five of the Cinematograph Films Act, 1948, a licence authorising a person to carry on business as a renter in Great Britain or, as the case may be, to carry on business as an exhibitor in Great Britain shall, upon application made in that behalf by the said person, and on payment of the prescribed fee, be granted to him by the Board of Trade, unless he is disqualified for holding the licence applied for :

Provided that the Board of Trade may refuse to grant such a licence, unless the applicant has furnished to the Board such information, verified in such manner as they may reasonably require for the purpose of satisfying themselves that he is not so disqualified, or for the purpose of satisfying themselves as to any matter which is relevant for the purposes of the said section five.

(4) Subject as hereinafter provided, a licence under this section authorising a person to carry on business as an exhibitor shall be limited so as to extend only to the exhibition of registered films at such one theatre in Great Britain as may be specified in the licence :

Provided that such a licence as aforesaid may be granted so as to extend to the exhibition of registered films at more than one theatre in Great Britain, subject to the limitation that the licence does not authorise the holder thereof to exhibit registered films at any one theatre on more than six days in the quota period in respect of which the licence is granted, or to exhibit registered films at more than one theatre at the same time.

(5) Without prejudice to the following provisions of this Part of this Act, a person shall be disqualified for holding a licence under this section unless he has a place of business in Great Britain.

(6) Where the holder of a licence under this section which is for the time being in force changes the address of his place of business in Great Britain, or ceases to have a place of business in Great Britain, he shall, as soon as practicable, notify to the Board of Trade the change of address or, as the case may be, the fact that he has ceased to have such a place of business.

(7) Subject as hereinafter provided a licence under this section shall take effect on such day, not being earlier than the beginning of the quota period in respect of which it is granted, as may be specified in the licence, and shall continue in force until the end of that period and no longer :

Provided that if, after the granting of such a licence, the holder of the licence becomes disqualified for holding it, the licence shall forthwith cease to have effect.

10.—Provisions for securing that films exhibited in Great Britain are obtained from licensed renters.

(1) An exhibitor shall not, in any renters' licensing year, exhibit on any occasion to the public at a theatre in Great Britain any film to which this Act applies, unless—

(a) he has acquired the right to exhibit the film to the public at that theatre on that occasion from a person who, at the time of the acquisition, was lawfully carrying on business as a renter in Great Britain, or

(b) the exhibitor is himself lawfully carrying on business as aforesaid, and has acquired the film for distribution in Great Britain.

(2) If any person exhibits a film in contravention of this section, he shall be liable on summary conviction to a fine not exceeding twenty pounds for every day on which he so exhibits the film.

11.—Penalties for quota offences.

(1) Any person guilty of a quota offence shall be liable, on summary conviction, to a fine not exceeding two hundred and fifty pounds or, on conviction on indictment, to a fine not exceeding five hundred pounds.

(2) Where a person is convicted, on indictment, of a quota offence, then, in addition to imposing such a fine as aforesaid, the court, if the offender has previously been convicted of an exhibitor's offence not less than twice (whether summarily or on indictment), may revoke any exhibitor's licence held by him in respect of the theatre in relation to which the offence has occurred, and may order, with respect to—

(i) the offender,

(ii) any person who, at or since the time when the offence occurred, was or has been financially associated with the offender in his business as an exhibitor, or

(iii) any person concerned in the management of the offender's said business who was knowingly a party to the offence, that he shall, for such period as may be specified in the order, be disqualified for holding an exhibitor's licence in respect of that theatre, and may also order that every person in whose case an exhibitor's licence has been revoked during the year immediately preceding the date of the conviction, shall, for such period as may be specified in the order, be so disqualified.

(3) Notwithstanding anything in the Summary Jurisdiction Acts, summary proceedings for a

quota offence under the Cinematograph Films Act, 1948, may be instituted at any time within two years after the end of the quota period in relation to which the offence has occurred.

- (4) In this section the expression "exhibitor's Offence" means an offence which is a quota Offence by virtue of the Cinematograph Films Act, 1948, or the repealed provisions of this Part of this Act relating to exhibitors' quotas, or an offence under section nineteen of the Act of 1927.

12.—Record books to be kept by renters and exhibitors.

- (1) Any renter who, in any renters' licensing year, delivers for public exhibition at a theatre in Great Britain a film which is a registered film shall keep records of—

(a) the title and registered length of the film, the fact that it is registered as a British film, as an exhibitors' quota film or as a foreign film, as the case may be, and such other particulars with respect to the film as may be prescribed for the purpose of identification, and

(b) the theatres in Great Britain for public exhibition at which he delivers the film to exhibitors, and the respective dates on which, or periods for which, the film is to be, or has been, exhibited to the public at those theatres on delivery as aforesaid, and, in the case of a long film delivered as aforesaid for exhibition on or after the first day of October, nineteen hundred and forty-eight, the rental paid or payable in respect of the exhibition of the film at each of those theatres;

and shall, whenever requested so to do by a person authorised in that behalf by the Board of Trade, produce those records for inspection by that person.

- (2) Any exhibitor who, in any quota period exhibits a registered film to the public at a theatre in Great Britain shall, as soon as practicable, record in a book to be kept by him for the purpose in respect of that theatre—

(a) the title and registered length of the film, the fact that it is registered as a British film, as an exhibitors' quota film or as a foreign film, as the case may be, and such other particulars with respect to the film as may be prescribed for the purpose of identification, and

(b) the dates in that period on which the film was exhibited to the public at that theatre, and, in relation to each of those dates, the number of times the film was so exhibited and the respective hours at which the exhibition of cinematograph films to the public at that theatre began and ended:

Provided that an exhibitor who does not, in any quota period, exhibit registered films to the public at any one theatre in Great Britain on more than six days nor at more than one such theatre at the same time, shall not be obliged to keep under this subsection more than one book in respect of the theatres at which he so exhibits registered films in that period.

- 2A) Any exhibitor who, in any quota period, exhibits as aforesaid films registered as long films, shall, in addition to the matters required by the last foregoing subsection to be recorded by him, keep records of the rental paid or payable in respect of each such film so exhibited.

- (3) Any book which an exhibitor is required by subsection (2) of this section to keep in relation to a particular theatre shall, so long as he continues to carry on the business of exhibiting registered films to the public at that theatre, be kept by him at that theatre and be open to inspection thereat, at all reasonable times, by any person authorised in that behalf by the Board of Trade; and, subject to the preceding provisions of this subsection, an exhibitor who is required to keep a book or records under this section shall, whenever requested so to do by a person authorised in that behalf by the Board, produce the book or records for inspection by that person.

- (4) If any person fails to comply with any of the requirements of this section, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding twenty pounds.

13.—Relief from liability for quota offences in circumstances beyond control of exhibitor.

- (1) If, upon application made to them, the Board of Trade are satisfied that any failure to comply with any of the requirements of section one of the Cinematograph Films Act, 1948, or with any conditions imposed by a licence in pursuance of section five of that Act, was due to circumstances beyond the control of any person, the Board may issue a certificate to that effect:

Provided that, where any application is made under this subsection to the Board, they shall, before determining the application, consult the Cinematograph Films Council and consider its advice in the matter.

- (2) For the purposes of the Cinematograph Films Act, 1948, a failure on the part of a person to fulfil any requirement of section one of that Act shall be deemed to have been due to circumstances beyond the control of that person if, owing to the character of the films available or to the excessive cost of such films, it was not commercially practicable to fulfil that requirement; and a failure to exhibit a film in accordance with a condition in that behalf imposed by a licence in pursuance of section five of the Cinematograph Films Act, 1948, shall be deemed to have been due to circumstances beyond the control of a person if he was not able to acquire the right to exhibit that film on reasonable terms.

PART II.

Restrictions on Blind Booking and Advance Booking of Films.

17.—Restriction on blind booking.

- (1) No renter shall, in the period beginning at the commencement of this Act and ending with the expiry of section one of the Cinematograph Films Act, 1948, procure the giving by an exhibitor (whether for a consideration or not, and whether orally or in writing) of any such undertaking as would, if it were legally binding on the exhibitor, impose on him an obligation, either actual or contingent, to take delivery of a film to which this Act applies, for public exhibition at a theatre in Great Britain, being a film which had not been trade-shown at the time of his giving the undertaking:

Provided that this subsection shall not operate so as to restrict—

- (a) in relation to any serial film or series of films the making, at a time when at least three parts of the film or series have been trade-shown, of an agreement for the public exhibition of any part thereof,

- (b) the making, in relation to any one film, of an agreement for the exhibition of that film at one theatre only and on a number of consecutive days, or
- (c) the making, in relation to any one film, of agreements for the exhibition of that film on not more than three days and at not more than three theatres.
- (2) Where, in relation to any one film, there have been made, at a time when that film has not been trade-shown, several agreements the purport of which taken together is to provide for the public exhibition of that film in Great Britain either at more than one theatre or otherwise than on consecutive days, the benefit of paragraph (b) of the proviso to the preceding subsection shall not extend to any of those agreements; and where, in relation to any one film, there have been made, at a time when that film has not been trade-shown, several agreements the purport of which taken together is to provide for the public exhibition of the film in Great Britain either on more than three days or at more than three theatres, the benefit of paragraph (c) of the said proviso shall not extend to any of those agreements.
- In relation to any film being a part of a serial film or series of films, the preceding provisions of this subsection shall have effect as if, in those provisions, for the words "when that film has not been trade-shown," in each place where those words occur, there were substituted the words "before three parts of that serial film or series of films have been trade-shown."

18.—*Restriction on advance booking.*

No renter shall, in any renters' licensing year, procure the giving by an exhibitor (whether for a consideration or not, and whether orally or in writing) of any such undertaking as would, if it were legally binding on the exhibitor, impose on him an obligation, either actual or contingent, to take delivery of a film to which this Act applies for public exhibition at a theatre in Great Britain at a date later than six months after the date on which he gives the undertaking.

Provided that, in relation to any serial film or series of films, this section shall not operate so as to restrict the making of an agreement in so far as it provides for any part of the film or series being exhibited after three parts thereof have been exhibited to the public at a theatre in Great Britain.

19.—*Penalties.*

If any renter contravenes any of the provisions of this Part of this Act, he shall be liable on summary conviction to a fine not exceeding two hundred and fifty pounds.

20.—*Invalidation of agreements involving blind booking or advance booking.*

Any agreement made after the commencement of this Act (whether in Great Britain or elsewhere) shall be invalid, if and so far as—

- (a) in the case of an agreement made before the expiry of section one of the Cinematograph Films Act 1948, it purports to impose on any exhibitor an obligation, either actual or contingent, to take delivery of a film to which this Act applies for public exhibition at a theatre in Great Britain, being a film which has not been trade-shown at the time of the making of the agreement, or

- (b) in the case of an agreement made more than six months before the expiry of the said section one, it purports to impose on any exhibitor an obligation, either actual or contingent, to take delivery of a film to which this Act applies for public exhibition at a theatre in Great Britain at a date later than six months after the date on which the agreement is made :

Provided that the preceding provisions of this subsection shall not apply in relation to any agreement the making of which is unrestricted by virtue of the proviso to subsection (1) of section seventeen of this Act or the proviso to section eighteen of this Act, as the case may be.

21.—*Information to be furnished by renters to Board of Trade for purposes of Part II.*

A renter shall, whenever requested so to do by a person authorised in that behalf by the Board of Trade, produce to that person such books or other documents, and furnish to that person such other information, with respect to any film delivered or to be delivered by him to any exhibitor in Great Britain for public exhibition therein, being a film to which this Act applies, as the Board may require for the purpose of the enforcement of this Part of this Act or the Cinematograph Films Act, 1948.

PART III.

Registration of Films.

22.—*Prohibition of distribution or exhibition of unregistered films.*

- (1) No person shall, in the period beginning at the commencement of this Act and ending with the expiry of section one of the Cinematograph Films Act, 1948, deliver to an exhibitor in Great Britain for public exhibition therein any film to which this Act applies, unless, at the time of the delivery, the film is a registered film; and no person shall, in the said period, exhibit to the public at a theatre in Great Britain any film to which this Act applies, being a film which he knows, or ought to have known, not to be a registered film :

Provided that this subsection shall not restrict the delivery or exhibition, in pursuance of a valid agreement for its exhibition at one theatre only on a number of consecutive days, of a film in respect of which a provisional application for registration has been made, if the film is trade-shown within six weeks from the date on which the application was made, and shall not restrict—

- (a) the delivery or exhibition of any film which has been exhibited in Great Britain to exhibitors or to the public before the commencement of this Act, other than a film which was first so exhibited after the end of September nineteen hundred and twenty-seven and is a film to which the Act of 1927 then applied, or
- (b) the delivery or exhibition, in pursuance of valid agreements for its exhibition on not more than three days and at not more than three theatres, of a film which, at the time of the delivery or exhibition, has not been trade-shown.
- (2) If any person delivers a film in contravention of this section, he shall be liable on summary conviction to a fine not exceeding two hundred and fifty pounds; and if any person exhibits

a film in contravention of this section, he shall be liable on summary conviction to a fine not exceeding twenty pounds for every day on which he so exhibits the film.

23.—Registration of films.

(1) Upon application duly made to them, not later than the expiry of section one of the Cinematograph Films Act, 1948, for the registration of a film to which this Act applies, the Board of Trade shall, subject to the following provisions of this Part of this Act, register the film under this Part of this Act in a register to be kept by the Board for the purpose.

(2) The register shall be so kept as to record, in relation to each film registered therein,—

(a) the title and length of the film, the fact that it is a British film, an exhibitors' quota film or a foreign film, as the case may be, and such other particulars (if any) with respect to the film as may be prescribed for the purpose of identification, and

(b) such other particulars with respect to the film as are required by the following provisions of this Part of this Act to be entered in the register.

(3) On the registration of a film under this Part of this Act, the Board of Trade shall issue to the person on whose application the film is registered a certificate of registration specifying all the particulars which, at the time of the issue of the certificate, are recorded in the register with respect to that film.

(4) As soon as may be after the end of the week beginning at the commencement of this Act, and of each subsequent week, the Board of Trade shall publish in the Board of Trade Journal a list of films registered in that week.

(5) The register shall, at all reasonable times, be open to inspection by any person at the offices of the Board of Trade, on payment of the prescribed fee, and any person inspecting the register may take copies of any entries therein.

(6) The Board of Trade shall, on demand made in that behalf by any person and on payment of the prescribed fee, furnish that person with a copy of the entry in the register relating to any particular film, being a copy certified to be true by the officer of the Board of Trade having the custody of the register.

24.—Applications for registration and information to be furnished in connection therewith.

(1) Every application for the registration of a film shall be made either by the maker of the film or by a renter who has acquired it for distribution in Great Britain, and shall be accompanied by the prescribed fee.

(2) No such application as aforesaid shall be entertained unless the film which is the subject of the application has been trade-shown within the fourteen days immediately preceding the date on which the application is made:

Provided that—

(a) a provisional application may be made before the film has been trade-shown, and in that case, if the film is trade-shown within six weeks after the date on which the provisional application is made, the provisional application shall thereupon be treated as if it had been made within fourteen days after the film was trade-shown; and

(b) an application made more than fourteen days after the film was trade-shown may be entertained by the Board of Trade if they are satisfied that the delay was due to special circumstances and was not intentional.

(3) The applicant for the registration of a film, and if the applicant is not the maker of the film, the maker, shall produce to the Board of Trade such books and other documents relating to the film, and furnish to the Board such other information with respect thereto, as the Board may require for the proper discharge of their functions under this Part of this Act or the Cinematograph Films Act, 1948, in relation to that film and any information furnished for the purposes of this subsection shall, if the Board so direct, be accompanied by a statutory declaration as to the truth of the information, being a declaration made by the person furnishing the information:

Provided that an application for the registration of a film shall not be granted, unless and until there has been furnished to the Board of Trade a statutory declaration made by the applicant to the effect that there has not been made, in relation to that film, any such agreement as is declared by Part II of this Act to be invalid in any respect.

25.—Determination of films to be treated as British films for purposes of registration.

(1) Subject to the following provisions of this section, a film shall, for the purpose of the registration thereof under this Part of this Act, be deemed to be a British film if, and only if either it is made by or on behalf of a department of His Majesty's Government in the United Kingdom, or by or on behalf of the Government of any other part of His Majesty's dominions, or—

(a) the maker of the film was, throughout the time during which the film was being made, either a British subject or a British company, and

(b) the studio, if any, used in making the film was within His Majesty's dominions, and

(c) not less than the requisite amount of labour costs represents payments paid or payable in respect of the labour or services of British subjects or persons domiciled in some part of His Majesty's dominions.

(2) In paragraph (a) of the preceding subsection the expression "a British company" means a company incorporated under the laws of any part of His Majesty's dominions, being a company the directors of which, or the majority of the directors of which, were British subjects; and for the purpose of paragraphs (a) and (c) of that subsection, any film used for making photographs depicted as part of any scene in the film which is the subject of the application for registration, shall be deemed to form part of the last-mentioned film; and in paragraph (c) of that subsection the expression "the requisite amount of labour costs" means, in relation to any film—

(a) (in a case where the total labour costs of the film amount to not less than thirty-three thousand seven hundred and fifty pounds, and the quotient derived from dividing the amount of the said total labour costs by the number of feet comprised in the length of the film is a sum of not less than four pounds ten shillings) whichever of the two following amounts is the less, that is to say—

(i) the amount arrived at by applying the fraction three-quarters to the total labour costs of the film, after deducting therefrom, if the applicant for registration so desires, the amount of any payment which, as part of those costs, has been paid or is payable in respect of the labour or services of any one person who was, while engaged in the making of the film, neither a British subject nor a person domiciled in some part of His Majesty's dominions;

(ii) the amount arrived at by applying the fraction four-fifths to the total labour costs of the film, after deducting therefrom the amount of any payments which, as part of those costs, have been paid or are payable in respect of the labour or services of any two persons neither of whom was, while engaged in the making of the film, a British subject or a person so domiciled, and at least one of whom was so engaged in the capacity of an actor or actress, or

(b) in any other case, the amount arrived at under sub-paragraph

(i) of the preceding paragraph:

Provided that if, upon the application for the registration, as a British film, of a film in respect of which the condition imposed by paragraph (c) of the preceding subsection is not fulfilled, the Board of Trade are satisfied that the maker of the film took all reasonable steps to fulfil the said condition, and that the non-fulfilment thereof was due to exceptional circumstances beyond his control, the Board, if they think fit, may direct that this subsection shall have effect in relation to that film as if in paragraph (a) of this subsection for the words "three-quarters" and the words "four-fifths" there were respectively substituted the words "seven-tenths" and the words "three-quarters."

(3) If, upon an application for the registration of a film as a British film, the applicant requests the Board of Trade so to do, the Board shall, for the purpose of determining whether the conditions imposed by this section are fulfilled in respect of the film, treat the film as if such portions thereof as may be designated by the applicant, being portions the length of which does not exceed in all ten per cent. of the total length of the film or twenty per cent. of so much of its total length as consists of photographs of studio scenes (whichever percentage is the less), did not form part of the film; and in that case the length of the film shall, for the purpose of the registration thereof, be deemed to be reduced by the length of the portions of the film which, by virtue of this subsection, are to be treated as not forming part of the film.

(4) Every film registered under this Part of this Act shall, if the conditions imposed by subsection (1) of this section are fulfilled in respect of the film, be registered as a British film, or, if those conditions are not so fulfilled, be registered as a foreign film.

26.—Registration of British films as exhibitors' quota films.

(1) Every film registered under this Part of this Act as a British film shall be registered as an exhibitors' quota film, unless the total labour

costs of the film are less than ten shillings per foot.

27.—Power to disregard items of labour costs in certain circumstances.

If, upon any application for the registration of a film under this Part of this Act, being an application in connection with which it is material to ascertain—

(a) the labour costs of the film, or

(b) the proportion of those costs which represents payments in respect of the labour or services of persons of any particular class,

it appears to the Board of Trade that any sum which, as part of those costs, is paid or payable in respect of the labour or services of any particular person is so great as not to be a bona fide payment by way of remuneration for the labour or services in question, the Board may direct that the said sum shall, as to the whole or any part of the amount thereof, be disregarded in ascertaining the said labour costs or the said proportion thereof, as the case may be.

28.—Registration of serial films.

(1) Subject to the provisions of the following subsection, an application for the registration of any part of a serial film or series of films may be entertained if three parts of the film or series have been trade-shown.

(2) The Board of Trade, after consulting the Cinematograph Films Council and considering its advice in the matter, may by order direct that the preceding subsection shall not apply in relation to any such application for registration as aforesaid which may be made during the continuance in force of the order; and any order under this subsection may be revoked by a subsequent order of the Board.

(3) If an order is made under the last preceding subsection, any provision contained in Part II of this Act which qualifies, in relation to any serial film or series of films, a restriction imposed by that Part of this Act shall operate so as to qualify that restriction in relation only to the exhibition of such parts (if any) of a serial film or series of films as are not the subject of applications for registration made during the continuance in force of the order.

29.—Prohibition of registration of film exhibited or registered before commencement of Act.

A film which has been exhibited in Great Britain to the public before the commencement of this Act or which has been duly registered under Part II of the Act of 1927 shall not be registered under this Part of this Act:

Provided that for the purposes of this section a film shall not be taken to have been exhibited to the public by reason only that the film has been trade-shown.

30.—Corrections of register.

If, at any time after the registration of a film, the Board of Trade, upon making any such inquiries as they think desirable, are satisfied that the film either ought not to have been registered or is incorrectly registered in any particular, they shall cause the necessary deletion or correction to be made in the register and, if the Board think proper, issue to the maker of the film, or, if the film has been acquired by a renter for distribution in Great Britain, issue to the renter, a certificate of registration to take the place of any such certificate previously issued in respect of the film; but the Board, if in any particular case they think fit so to do, may direct that

for the purpose of any of the provisions of the Cinematograph Films Act, 1948, relating to exhibitors' quotas, the film shall, to such extent as may be specified in the direction, be treated as if the deletion or correction in the register had not been made.

31.—Reference of disputes to High Court or Court of Session.

- (1) Any person who is aggrieved by any decision taken by the Board of Trade for the purpose of the performance of their duties in relation to the register, may, subject to rules of court, make application in the matter to the High Court, and the decision of that court on any such application shall be final and not subject to appeal to any other court.
- (2) In relation to any person whose principal place of business is in Scotland, the preceding subsection shall have effect as if for any reference therein to the High Court there were substituted a reference to the Court of Session.

32.—Evidence of registration.

The registration of a film may be proved by the production of—

- (a) a copy of the Board of Trade Journal containing a notification of the registration of the film, or
 - (b) the certificate of registration issued, or, as the case may be, last issued in respect of the film, or
 - (c) a copy of the entry in the register relating to the film, being a copy certified to be true by the officer having the custody of the register;
- and a document purporting to be such a certificate of registration, or to be such a certified copy as aforesaid, shall be evidence of the matters stated in the document, without proof of the signature or authority of the person signing it.

33.—Information to be given to exhibitors with respect to registration of films.

- (1) A renter who, in the period beginning at the commencement of this Act and ending with the expiry of section one of the Cinematograph Films Act, 1948, delivers a registered film to an exhibitor in Great Britain for public exhibition therein shall, in such manner, and at such time, as may be prescribed, notify to the exhibitor the title and registered length of the film, the fact that it is registered as a British film, as an exhibitor's quota film or as a foreign film, as the case may be, and any such other particulars for the time being recorded in the register with respect to the film as may be prescribed.
- (2) If any renter fails to comply with the provisions of this section, he shall be liable on summary conviction to a fine not exceeding twenty pounds.

PART IV.

Provisions as to Persons employed by Makers of Cinematograph Films.

34.—Wages and conditions of employment of persons employed by makers of cinematograph films.

- (1) The wages paid by any person carrying on in Great Britain the business of making, renting or exhibiting films to which this Act applies to persons employed by him in connection with the making, renting or exhibition of any films at any place where that business is carried

on, and the conditions of employment of persons so employed, shall, unless agreed upon by the employer or any organisation representative of persons carrying on the business of making, renting or exhibiting films, as the case may be and by organisations representative of the persons employed, be not less favourable to the person employed than the wages which would be payable, and the conditions which would have to be observed, under a contract which complied with the requirements of any resolution of the House of Commons for the time being in force applicable to contracts of Government departments; and if any dispute arises as to what wages ought to be paid, or what conditions ought to be observed, in accordance with this section, it shall, if not otherwise disposed of, be referred by the Board of Trade to the industrial court for settlement.

- (3) Where any award has been made by the industrial court upon a dispute referred to that court under this section, then, as from the date of the award or from such other date, not being earlier than the date on which the dispute to which the award relates first arose as the court may direct, it shall be an implied term of the contract between the employer and workers to whom the award applies that the rate of wages to be paid, or the conditions of employment to be observed, under the contract shall, until varied in accordance with the provisions of this section, be in accordance with the award.

PART V.

General and Supplementary Provisions.

35.—Films to which Act applies.

Subject to the provisions of section seven of the Cinematograph Films Act, 1948, the films to which this Act and that Act apply are all cinematograph films other than—

- (a) films consisting wholly or mainly of photographs which, at the time when they were taken, were means of communicating news, or
- (b) films made wholly or mainly for the purpose of commercial advertisement, or
- (c) films certified under subsection (2) of section seven of the Finance Act, 1935 (25 & 26 Geo. 5. c. 24), as being entitled to exemption from customs duties under the convention for facilitating the international circulation of films of an educational character which is referred to in that subsection.

36.—Power of Board of Trade to vary by order minimum figures in respect of labour costs.

- (1) The Board of Trade, after consulting the Cinematograph Films Council and considering its advice in the matter, may lay before Parliament the draft of an order directing that any provisions of this Act or the Cinematograph Films Act, 1948, which specify a sum to which the labour costs of a film, or the quotient arrived at by dividing the amount of the labour costs of the film by the length thereof, must amount for any particular purpose, shall have effect as if for any reference in those provisions to the said sum there were substituted a reference to such other sum as may be specified in the order and any such order may specify different sums in relation to long films and short films respectively; and if each House of Parliament resolves that the order

be made, the Board shall make the order in terms of the draft, and the order shall come into operation on such date as may be specified therein.

- (2) The power conferred by the preceding subsection to lay in draft before Parliament and to make an order shall be construed as including a power, exercisable in the like manner and subject to the like condition, to lay in draft before Parliament and to make an order varying or revoking an order having effect by virtue of that subsection.

37.—Annual returns to be made by exhibitors.

- (3) Every person who has, in any quota period, carried on business as an exhibitor at a theatre in Great Britain, shall, within one month after the end of that period, furnish to the Board of Trade a return stating whether or not he has in that period exhibited to the public at a theatre in Great Britain a film which is a registered film, and, if so—

(a) specifying the dates in that period on which any registered film was exhibited by him to the public at that theatre, and, in relation to each of those dates, the number of times the film was so exhibited, and

(b) giving such other particulars (if any) with respect to the film as may be prescribed, being particulars which the Board consider necessary for the purposes of this Act or the Cinematograph Films Act, 1948;

and the said returns shall include a statement showing, in relation to each day in the said period on which cinematograph films were exhibited to the public at that theatre, the respective times at which the exhibition of films as aforesaid began and ended:

Provided that, if in any such period an exhibitor ceases to carry on the business of exhibiting registered films to the public at any particular theatre in Great Britain, the return to be made by him with respect to that theatre for that period shall be made within one month after the date on which he so ceases to carry on that business at that theatre.

- (4) A return required by this section shall be deemed not to have been furnished in compliance with this section unless it is accompanied by a statutory declaration of the truth of the particulars contained in the return, being a declaration made by the person required to furnish the return.
- (5) Every person by whom a return has been made to the Board of Trade in pursuance of this section, shall produce and furnish to the Board such books and other documents and other information by way of explanation of the return as the Board may require for the purpose of this Act or the Cinematograph Films Act, 1948.

- (6) For the purposes of any proceedings which may be taken by virtue of this section, the fact that a person has been the holder of an exhibitor's licence shall be evidence that the said person has, in the quota period in respect of which the licence was granted, carried on business as an exhibitor at a theatre in Great Britain.

38.—Penalties in connection with the furnishing of information.

- (1) If any person fails to produce, furnish, or give to the Board of Trade, in accordance with the requirements of this Act, any book or other document, or any return, notification or other information, which he is required by this Act so to produce, furnish or give, he shall be liable, on summary conviction, to a

fine not exceeding five pounds for every day during which the default continues.

- (2) Any person who, in furnishing or giving any return, notification or other information for the purposes of any provisions of this Act, or the Cinematograph Films Act, 1948, or, in recording any particulars in pursuance of this Act, knowingly or recklessly makes a statement false in a material particular, shall be guilty of an offence and liable, on summary conviction, to imprisonment for a term not exceeding three months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine.

39.—Offences by corporations.

Where a body corporate is guilty of an offence under this Act or the Cinematograph Films Act, 1948, and it is proved that the offence occurred with the consent or connivance of, or was attributable to any neglect on the part of any director, manager, secretary or other officer of the body corporate, he, as well as the body corporate, shall be deemed to be guilty of that offence and shall be liable to be proceeded against and punished accordingly.

40.—Regulations of Board of Trade.

- (1) Subject to the following provisions of this section, the Board of Trade may make regulations prescribing anything which by this Act is required or authorised to be prescribed, and may make regulations prescribing

(a) the form of applications for the registration of films or for licences under this Act,

(b) the particulars and evidence necessary for satisfying the Board that a film is a British film or is a film which ought to be registered under Part III of this Act as an exhibitors' quota film; and

(c) the form of the returns to be made, and the record books to be kept, under this Act, and also regulations providing that any statutory declaration which a person is required by this Act to make shall be deemed to be properly made if it is made on his behalf by any such person as may be specified in the regulations; but no such regulations prescribing the payment of fees shall be of any effect unless those regulations have been made with the consent of the Treasury.

- (2) Any regulations prescribing the amount of any fees shall be so framed as to secure, as nearly as may be, that the aggregate amount produced by those fees will be equal to the amount of the expenses incidental to the carrying out of this Act and of the Cinematograph Films Act, 1948, and the carrying out of the Act of 1927 after the commencement of this Act; but the amount of the fees payable on applications for the registration of films or for licences under this Act shall not exceed the amounts specified in the Second Schedule to this Act.

41.—The Cinematograph Films Council.

- (1) There shall be a Council to be called "the Cinematograph Films Council," consisting of twenty-two members appointed by the Board of Trade; and of the members of the said Council—

(a) seven (of whom one shall be the Chairman of the Council) shall be persons appointed as being independent persons;

(b) four shall be persons appointed as representing makers of British films, of whom one shall be appointed as representing makers of films not intended for general exhibition as first feature films;

(c) two shall be persons appointed as representing renters;

- (d) five shall be persons appointed as representing exhibitors, of whom one shall be appointed as representing exhibitors in Scotland; and
- (e) four shall be persons appointed as representing persons employed by makers, renters or exhibitors of British films.
- (2) It shall be the duty of the Board of Trade to satisfy themselves, with respect to any person whom they propose to appoint under paragraph (a) of the preceding subsection to be a member of the said Council, or who is a member of the Council by virtue of an appointment made under that paragraph, that he will have or has, as the case may be, no such financial or commercial interest as is likely to affect him in the discharge of his functions as a member of the Council; and any such person shall, whenever requested by the Board so to do, furnish to them such information as they consider necessary for the performance of their duty under this subsection.

Before appointing a person to be a representative member of the said Council, the Board of Trade shall consult such bodies, if any, as appear to the Board to be representative of the interest concerned.

The Board of Trade shall not appoint to be a member of the said Council any person who has been convicted of an offence under the Act of 1927 or this Act or the Cinematograph Films Act, 1948.

- (3) The functions of the said Council shall be :
- (a) to keep under review the progress of the cinematograph film industry in Great Britain, with particular reference to the development of that branch of the said industry which is engaged in the making of films, and to report thereon to the Board of Trade at such times as the Council thinks fit;
- (b) to advise the Board in any matter relating to the cinematograph film industry in which the advice of the Council is sought by the Board (whether at the request of any persons appearing to the Board to have a substantial interest in the matter or otherwise); and
- (4) As soon as may be after receiving any report made to them under paragraph (c) of the last preceding subsection, the Board of Trade shall lay copies of the report before Parliament.
- (5) The Board of Trade shall furnish to the said Council such information as the Council may reasonably require for the proper discharge of its functions.
- (6) The quorum of the said Council shall be such number, not being less than nine, as the Board of Trade may determine, and the Council shall have power to regulate its own procedure, and may act notwithstanding a vacancy among the members thereof.
- (7) A member of the said Council shall hold and vacate office in accordance with the terms of the instrument under which he is appointed, and a member of the Council who ceases to hold office shall be eligible for re-appointment; but no person shall, on any occasion, be appointed to be a member of the Council for more than three years;
- Provided that, if any member of the said Council is convicted of an offence under this Act or the Cinematograph Films Act, 1948, his office as a member of the Council shall forthwith become vacant.
- (8) The said Council may, subject to any such limitations and conditions as it thinks proper,

delegate any of its functions to a committee of the Council.

42.—*Institution of proceedings and service of process.*

- (1) Proceedings for an offence under this Act or the Cinematograph Films Act, 1948, shall not, in England, be instituted otherwise than by the Board of Trade.
- (2) Any process to be served on any person for the purposes of this Act or the Cinematograph Films Act, 1948, shall, if that person is out of Great Britain but has a place of business in Great Britain, be deemed to be duly served if it is addressed to that person and left at, or sent by post to, that place of business.

43.—*Exercise of powers of Board of Trade.*

Anything required or authorised by or under this Act or the Cinematograph Films Act, 1948, to be done by, to or before the Board of Trade, may be done by, to or before the President of the Board, any secretary, under-secretary, or assistant-secretary of the Board, or any person authorised in that behalf by the President.

Summary of Acts and By-laws

Revised by ELLIS F. PINKNEY

The Acts of Parliament and local by-laws which relate to or affect the exhibition, storage or transit of kinematograph films are of paramount importance to the trade, and should be closely studied by all engaged in it. Below will be found a condensed digest of the principal regulations governing this industry. This has been prepared by a leading solicitor, who has explained the most essential points in a manner which will be readily understood by readers.

CINEMATOGRAPH ACT, 1909.

Section 1. An exhibition of pictures or other optical effects by means of a cinematograph, or other similar apparatus, for the purposes of which inflammable films are used, shall not be given unless the regulations made by the Secretary of State for securing safety are complied with, or, save as otherwise expressly provided by this Act, elsewhere than in premises licensed for the purpose in accordance with the provisions of this Act.

Notes.—Whether or not a film is inflammable is a question of fact for the magistrates though most local authorities treat safety stock as being outside the Act. The Act does not apply to manufacturers or dealers showing films in the presence of trade customers (*AG v Vitagraph Co., Ltd.* 1915 1 Ch. 206)

The Regulations referred to are S.R. & O. 1923 No. 983 1930 No. 361 and S.I. 1950 No. 2133.

Section 2. (1) A county council may grant licences to such persons as they think fit to use the premises specified in the licence for the purposes aforesaid on such terms and conditions and under such restrictions as, subject to regulations of the Secretary of State, the council may by the respective licences determine.

- (2) A licence shall be in force for one year or for such shorter period as the council on the grant of the licence may determine, unless the licence has been previously revoked as hereinafter provided.
- (3) A county council may transfer any licence granted by them to such other person as they think fit.
- (4) An applicant for a licence or transfer of a licence shall give not less than seven days' notice in writing to the county council and to the chief officer of police of the police area in which the premises are situated of his intention to apply for a licence or transfer.

Provided that it shall not be necessary to give any notice where the application is for the renewal of an existing licence held by the applicant for the same premises.

- (5) There shall be paid in respect of the grant, renewal, or transfer of a licence such fees as the county council may fix, not exceeding in the case of a grant or renewal for one year one pound, or in the case of a grant or renewal for any less period five shillings for

every month for which it is granted or renewed, so however that the aggregate of the fees payable in any year shall not exceed one pound, or, in the case of transfer, five shillings.

- (6) For the purposes of this Act, the expressions "police area" and "chief officer of police", as respects the city of London, mean the city and the Commissioner of City Police, and elsewhere have the same meanings as in the Police Act, 1890.

Notes.—Although the Act is primarily concerned with provision for securing safety, this Section is so wide that so far as concerns England and Wales, it has been held by the Courts that a licensing Authority may impose conditions unconnected with safety. The effect of many decisions on this section appears to show that any condition can be imposed unless clearly unreasonable. The interpretation placed on the Section by the Scottish Courts is, however, more limited. In any case, the power to grant licences is discretionary and a licence can be refused without the authority being called on to state any reason.

Section 3. If the owner of a cinematograph or other apparatus uses the apparatus, or allows it to be used, or if the occupier of any premises allows those premises to be used, in contravention of the provisions of this Act or the regulations made thereunder, or of the conditions or restrictions upon or subject to which any licence relating to the premises has been granted under this Act, he shall be liable, on summary conviction, to a fine not exceeding twenty pounds, and in the case of a continuing offence to a further penalty of five pounds for each day during which the offence continues, and the licence (if any) shall be liable to be revoked by the county council.

Notes.—It should be noticed that under this Section penalties may be inflicted on either the owner or occupier of the kinema who may be a person or concern other than the licensee.

Section 4. A constable or any officer appointed for the purpose by a county council may at all reasonable times enter any premises, whether licensed or not, in which he has reason to believe that such an exhibition as aforesaid is being or is about to be given, with a view to seeing whether the provisions of this Act, or any regulations made thereunder, and the

conditions of any licence granted under this Act, have been complied with, and, if any person prevents or obstructs the entry of a constable or any officer appointed as aforesaid, he shall be liable, on summary conviction, to a penalty not exceeding twenty pounds.

The above are the more important sections of the Act. Other matters dealt with by the Act are:—

- (a) County councils may delegate their licensing powers to local magistrates courts. (S5)
- (b) In County boroughs the borough council is the licensing authority. (S6)
- (c) In the case of premises normally licensed by the Lord Chamberlain, the licensing authority is to be the Lord Chamberlain. (S7(1))
- (d) Where premises are used for exhibitions only occasionally and on not more than six days in the year, no licence is necessary provided the county council and police are notified in advance and the Cinematograph Regulations and any conditions imposed by the county council are complied with. (S7(2))

(e) If exhibitions are to be given in a movable structure the only licence required is that granted in respect of the movable structure by the council of the county in which the exhibitor ordinarily resides. In such cases advance notice must also be given to the county council and Police in the area of the exhibition and the Cinematograph Regulations and any conditions imposed by such county council complied with. (S.7(3))

(f) No licence is required in the case of any exhibition in a private dwelling house to which the public are not admitted whether on payment or otherwise.

Additional Notes.—A licence under the 1909 Act does not authorise musical accompaniments for which a Music and Dancing licence is necessary.

Kinema proprietors are also under an obligation to obtain the licence of the Performing Rights Society to enable them to perform copyright works and the licence of the Phonographic Performance Ltd., if gramophone records produced by any of the more important gramophone companies are played in the Kinema.

HOME OFFICE REGULATIONS

The Cinematograph Regulations are contained in:—

- a) S.R. & O. 1923 No. 938 as amended by S.R. & O. 1930, No. 361, and
- (b) Statutory Instrument 1950, No. 2133.

It is essential that all exhibitors should be familiar with these regulations as the continued validity of their licences is dependent on their observation. Breaches of the regulations are more often than not the reason for the issue of summonses.

It should be particularly noted that it is one of the duties of licensees to see that a copy of the Regulations is exhibited in the enclosure and is easily accessible to the operators. (Reg. 16.)

Clause 3 in relation to staff as originally issued has been amended by S.R. & O. 1930, No. 361.

As regards Clause 4, "Fire Appliances" footnote should be noticed as it lays down that a fireman need not be employed exclusively in taking charge of the fire appliances. He must not, however, be given other work during an exhibition which would take him away from the building or otherwise prevent him from being immediately available in case of danger or alarm of fire.

As regards Clause 5, "Smoking," it should be observed that notices stating that smoking is prohibited shall be kept posted in the enclosure and film room or anywhere where films are stored, wound or repaired.

As regards Clause 7, relating to enclosure, fire-resisting material now includes teak or oak not less than two inches thick.

With regard to Clause 7, "Enclosures," Sec. (h) it will be noticed that in case of need the enclosure may be left for a short period in the charge of a competent assistant over 16 years of age.

As to what is the exact definition of a "competent operator," one does not know, but

apparently it can be taken to mean that an operator who can satisfactorily operate would come within the definition of a "competent operator."

With regard to Clause 13, "Lighting," it should be pointed out that if the general lighting is by electricity the safety lighting shall be by (a) electricity from another source (b) gas or (c) oil or candles.

One does not take this to mean that the safety lighting, if electricity, shall be taken from an entirely different supply, but merely that there shall be primary and secondary lighting installed in the building, the intention of course, being that should the electric light supply be temporarily interrupted, the theatre will not be put into darkness.

Clause 14, on "Electrical Installation," it should be noticed that the Wiring Rules of the Institution of Electrical Engineers apply, a copy of which can always be obtained from Odhams Press Ltd., Technical Book Dept., 85, Long Acre, London, W.C.2. Price, 1s. 2d., post free.

It should be observed that Sections A, E, F and G of these Regulations do not apply to wiring in existence before July 30, 1923, except in the event of such wiring being altered or renewed.

With regard to clause 15, it should be noticed that the requirements in paragraphs C, D, M and N shall not apply to apparatus in use before the date of these Regulations, and the requirements in paragraphs E, G, I, J and K do not apply until July 29, 1925, except in the event of the apparatus being renewed or materially altered.

The Cinematograph Regulations 1950 were made on December 28, 1950. They deal with electrical matters, including Kinema television, and came into operation on February, 1951. The regulations will not, however, be enforced until January 1, 1953, where existing premises comply with certain of the more important electrical requirements.

ENTERTAINMENTS TAX

The scale of Entertainments Duty applicable to Kinemas as provided by the Finance Act, 1951, appears on another page. On the same page is shown the amount of levy payable by exhibitors on each adm'ss on to the British Film Production Fund under the Eady Plan.

Duty is not payable where the Commissioners are satisfied:

- (a) That the proceeds are devoted to philanthropic or charitable purposes *without deduction of expenses*; or
- (b) That the entertainment is wholly educational (in case of difference the Board of Education decides); or
- (c) That the entertainment is provided for partly educational or partly scientific purposes by a society, and not run for profit; or
- (d) That it is provided by or on behalf of a school or educational institution if the school or institution is not run for profit, and the entertainment is provided solely for promoting some object of the school or institution, and that all the persons who are performers are under sixteen and are scholars or ex-scholars of the school or institution.

In the case of a charity performance where the whole of the expenses are deducted, but do not exceed 20 per cent. of the receipts, the duty is repaid to the proprietor.

Exemption is also granted under the Finance Acts, 1948 and 1949, in respect of certain Kinemas in rural areas. In these cases the Customs and Excise have to be satisfied that the entertainment is held in a building in a borough, urban district or rural parish

within the meaning of the Local Government Act, 1933, being a borough, etc., with a population not exceeding 2,000 or 640 to the square mile, and further that seating capacity for more than 400 persons cannot be provided in the building.

Under certain circumstances a reduced rate of duty is payable if Kine-variety is presented. For details, reference should be made to the Finance Act, 1950.

Admission can only be given by ticket stamped with a mark denoting that duty has been paid, or in special cases, if the Commissioners approve, through a barrier which automatically registers the numbers admitted. But the proprietor can make arrangements with the Commissioners dispensing with these conditions on the terms of furnishing certified returns at stated times and giving security for due payment of the duty. Penalty for breach; Proprietor, £50 and duty; Person admitted, £5. Special provision is made for lump sum payments in the case of clubs or societies, or in the case of season tickets or tickets for a series of entertainments.

Any officer of excise authorised to do so may enter a place of entertainment and any person who prevents or obstructs him is liable to a fine up to £20.

The Commissioners can make regulations, any breach of which entails an excise penalty of £50, and they may make arrangements whereby the local authority (county, borough, or urban district council), or the police may exercise all or any of the powers of the Commissioners as to this duty. The law is contained in the Finance (New Duties) Act, 1916, ss. 1 and 2.

Taxation and Film Hire

Payments to the fund by exhibitors are an allowable charge both for taxation and film hire. In the case of contracts on sharing terms, the levy will be deducted as a prior charge from the gross takings in renters' returns in a manner similar to the deduction of Entertainments Tax.

- (b) Exhibitors make weekly levy returns in respect of each cinema in duplicate to their Customs and Excise Collection Area.
- (c) In any week where gross takings are less than £150 the return form is completed and sent in with the levy due shown as NIL.

- (d) In any week in which gross takings are less than £150 the return form must be completed and sent in with the levy due shown as NIL.
- (e) Each kinema in this category will send to Messrs. Stoy, Hayward and Co. within two months of the date on which its accounting year ends a summary of the monthly returns

already submitted certified by professional auditors.

Payments to Producers

1. Payments from the British Film Production Fund are made to the producers of 35 mm. films (excluding newsreels, trailers, films which the exhibitor is paid to show and Government including C.O.I. films), provided such films at the time of showing are contributing toward the fulfilment of exhibitors quota in accordance with the Cinematograph Film Act, 1948, and the exhibitor has agreed to pay a rental for their use.
2. The amounts paid to producers are calculated in direct proportion to the amount of the distributor's gross earned by their films, except in the case of films not exceeding 3,500 feet in length, when the amounts are calculated in proportion to $2\frac{1}{2}$ times the distributor's gross.
3. Claims for payments of the Fund are submitted through Messrs. J. H. Champness Corderoy, Beesly and Co., of 10, St. Swithins Lane, London, E.C.4, from whom the necessary application forms can be obtained.

OTHER LEGISLATION IN BRIEF

Children.

Where an entertainment is given for children (*i.e.*, under fourteen), or the majority of persons present are children, and their number exceeds one hundred, and access to any part of the building is by stairs, then it is the duty of the occupier (if he is paid) and of the person giving the entertainment (in any case) to see that an adequate number of adult attendants are present to prevent overcrowding in any part, to control the movements of the audience when entering and leaving, and also to take all reasonable precautions for safety. Police officers have the right of entry. The penalty for a first offence is up to £50, for a second or subsequent offence up to £100, and any licence held in respect of the building may be revoked (Children Act, 1908, s. 121). The cinematograph licence is not mentioned, as it had not come into existence at that date.

The Employment of Children Act, 1903, s.1 enables local authorities to make by-laws relating to the employment of children (*i.e.*, under fourteen), and many of them have exercised this power. A licensee should inquire at the council offices whether the local authority of his district has made any by-law affecting him (*e.g.*, as to programme, sweet, or cigarette sellers, etc.).

No child (under sixteen) employed half-time in a factory or workshop may be employed elsewhere (Act 1903, s. 3 (3)), nor may any child be employed before six a.m. or after nine p.m., unless the local by-laws allow it (Act 1903, s. 3 (1)). The fine is up to 40s. for a first offence, and £5 afterwards (Act 1903, s. 5 (1)).

Under the Children and Young Persons Act, 1933, where there is provided in any building an entertainment for children or an entertainment at which the majority of the persons attending are children, then, if the number of children attending the entertainment exceeds one hundred the person providing the enter-

tainment must station and keep stationed wherever necessary a sufficient number of adult attendants, properly instructed as to their duties, to prevent more children or other persons being admitted to the building and to control the movement of the children and other persons admitted while entering and leaving the building or any part thereof, and to take all other reasonable precautions for the safety of the children.

Under Section 4 of this Act a constable may enter the building at any time with a view to seeing whether the provisions of the Act are being properly carried out.

By the Royal Assent having been given to the Shops Hours of Closing Act, 1928, patrons can buy tobacco, matches, table waters, sweets, chocolates or other sugar confectionery or ice-cream at any time during performances in any Theatre, Kinema, Music Hall or other similar place of entertainment so long as the sale is to bona-fide members of the audience and not on a part of the building to which other members of the public have access.

This does away with the ban put upon Kinemas by D.O.R.A. some years ago.

Transit by Rail.

RAILWAY REGULATIONS IN REGARD TO FILM BOXES.—The specification of the Railway Clearing House of the type of metal boxes required by the Railway Companies to be used for the transit of films is as follows:

Boxes must be rectangular, wood-lined cases, to hold not more than six films and measure not more than $14\frac{1}{2}$ inches outside either way. They must be made of galvanised iron of not less thickness than .022 of an inch (No. 25 B.G.) for the small one and two film cases and not less than .028 of an inch (No. 23 B.G.) for the larger sizes (three to six film cases).

All the corners of the sides and bottom must be strengthened by folding seams the top of the

body having wired edges turned inwards. The hinge lid must be turned down all round for a depth of one and a quarter inches. It must fit over the body of the case and have wired edges turned outwards. It must be attached to the body by two strong hinges, firmly riveted to both body and lid, and fastened by stout wire hasps fitting over iron staples riveted to the front of the case. Each hasp and staple must be locked, either by padlock or by a spring safety hook, permanently to the staple by a short length of stout chain. Cases for one and two films need only have one clasp and staple fastening; other sizes must have two.

Other conditions are that a thin metal label frame, open at the top, must be riveted to the case in such a position that the top edge of the label frame is covered by the lid when closed; all the boxes must be completely lined with plain wood of half-inch thickness fastened by rivets to the lid and body of the case; the following words must be painted in black on the lid: "Cinema Films," in one-inch block letters, and "Keep in a cool place," in letters five-eighths of an inch depth. No other lettering must appear on the lid. The name and address of the owners may be painted on the sides or ends, and the cases must be unpainted.

Sunday Observance Act, 1781.—Any house opened for Public amusement or debate on a Sunday to which persons shall be admitted by payment of money shall be deemed a Disorderly House—Penalty £200 for every Sunday opened. (Note)—If a reasonable number of persons are admitted free there is no offence under the Act in making a charge for a reserved seat; it will be noted that the Act speaks of admission, not to a seat, but to the entertainment.

(See Sunday Entertainments Act, 1932.)

Children and Young Persons Act, 1933.—A child under 14 may not take part in any entertainment in connection with which any charge is made to the audience except under a licence granted by the local education authority. The licence may be granted only if the child has attained the age of 12 years and the authority must be satisfied that the child is fit to take part in the entertainment.

Home Counties, Music and Dancing Licences Act, 1926.—This was an Act passed to amend the law as regards Music and Dancing Licences in parts of certain Home Counties and in certain County Boroughs adjacent thereto. It gave powers to the Council to grant licences for any period not exceeding 13 months to such persons as they thought fit.

Under this Act the Council can delegate all or any of its powers to a Committee consisting wholly or partly of members of the Council.

The Rating and Valuation (Apportionment) Act, 1928, was an Act passed to make provision with a view to granting of relief from rates in respect of certain classes of hereditaments to be affected and the apportionment in Valuation Lists of the net annual value of such hereditaments according to the extent and user thereof for various purposes.

Section 3, subsection 1 of this Act contains provisions as to "Industrial Hereditaments." "Industrial Hereditaments" has been defined to mean a hereditament occupied and used as a mine or mineral railway or as a factory or workshop. A hereditament though part of it may be in law a "factory" or "workshop" is not to be treated as an Industrial hereditament if the premises as a whole are not primarily used for the purposes of a factory or workshop.

With regard to the position of a Kinematograph Theatre, in view of the fact that the premises are not used primarily for the purposes of a factory or workshop I do not consider it comes under the heading of "Industrial Hereditament" and therefore does not appear to be entitled to "relief" as an "Industrial hereditament."

The Rating and Valuation (Apportionment) Act Rules, 1928, made by the Minister of Health under section 58 of the Rating and Valuation Act, 1925, and of the Rating and Valuation (Apportionment) Act, 1928, prescribes the forms of notices, claims and lists to be used for the purposes of the first Schedule to the last mentioned Act and the dates to be observed in connection with the preparation and approval of lists under that Schedule.

The list of valuations is deposited by the Rating Authorities at the office of the Authority and any person aggrieved can object to the assessment within 25 days of the deposit of the Valuation List. Forms of objection can be obtained from the Rating Authorities, and the forms should contain every possible ground for complaint. One person can object to another person's assessment on the ground that it is too low, and in such a case the croupier is entitled to receive notice from the Assessment Committee of the objection.

The RCA logo is rendered in a large, bold, serif typeface. The letters are white with a thick black outline, giving them a three-dimensional appearance. They are set against a circular background that resembles a globe, with a grid of latitude and longitude lines. The entire globe is surrounded by a textured, orange-brown wash that looks like a spray-painted or hand-painted effect.

THE LONG RUN

★

*The cheapest
is seldom the
best at any time.
The best is usually the
cheapest in the long run.
Having regard to our long
association with the industry
it would be surprising
indeed if our stage
lighting equipment
were not of
the best.*

Carrying on a Great Tradition

As its first duty to the Cinema industry the new Walturdaw Organization undertakes the servicing of all existing Walturdaw and Ernemann sound projection equipments.

This will include the manufacture and supply of genuine Walturdaw spare parts as well as an expert maintenance service.

In this way we shall carry on the fine traditions of showmanship already established by these world famous cinema projectors.

We can also quote keen prices for equipping with brand new equipments of the latest Walturdaw design.
